

The College Network™ Partners with Clinical Resources LLC

Clinical Resources LLC has joined forces with The College Network, Inc. to offer its members opportunities to further their education. This relationship now gives Clinical Resources access to degree completion programs from accredited universities at reduced costs.

“Who would not want to partner with The College Network? Any nurse working in the industry is familiar with the great services you provide to our industry,” says Jennifer Scully, CEO of Clinical Resources. As an avid education advocate and an educator, Jennifer looks to use TCN as a vehicle that will provide more of her nurses with the ability to achieve the next level of their educational goals.

Clinical Resources is a national organization that works with nurses at all levels by placing experienced personnel in permanent, temporary, and interim positions in hospitals, skilled nursing facilities, and assisted living facilities. They recruit and place all types of healthcare professionals as contractors, including Licensed Nursing Home Administrators, Directors of Nursing, Assistant Directors of Nursing, Regional Clinical Consultants, RNs and LPNs, Social Workers, Registered Dietitians/Dietary Supervisors, Medical Records Professionals, and Activity Directors.

“The College Network is pleased to partner with Clinical Resources and provide its employees with the means to continue their education and make a positive impact in the communities they serve,” said Gary Eyler, Chairman and CEO of The College Network. “Here at the College Network, we are dedicated to making educational solutions affordable and accessible. Helping nurses to ensure the well being of their careers and profession is how we make a difference.”

The College Network is passionate about helping working adults further their education. Through unique educational offerings in healthcare from top-ranked partner universities, The College Network provides degree program solutions for busy nurses. The College Network values the role it plays in helping healthcare organizations positively impact the quality of patient care through better educated nurses.
