Clinical Resources Healthcare Staffing Announces Agreement With BlueSky Medical Staffing Software

Atlanta, GA May 11, 2011 -- Clinical Resources LLC, an Atlanta based medical and healthcare staffing firm has selected BlueSky Medical Staffing Software (<http://www.whatisbluesky.com>) (MSS) to assist in the management of its healthcare professional staffing business. BlueSky Medical Staffing Software is an industry leader in healthcare recruiting and staffing software and a division of Prophecy Healthcare.

"Clinical Resources made the decision to use BlueSky software because it is designed to efficiently and effectively support the operational needs of the company while meeting the needs of our clients using the most progressive and innovative electronic platform available to staffing firms," said Jennifer Scully, President and CEO of Clinical Resources. "BlueSky provides streamlined processes to support scheduling, travel assignments, reports, vendor management, payroll and background screenings. The software facilitates our team's ability to be more efficient, thereby meeting our company mission of ***"Providing Consistent and Predictable Results"***.

BlueSky MSS is a web-based software that provides a complete staffing solution to healthcare staffing organizations to streamline their workflow and automate their candidates on-boarding process including credential management, per diem and travel scheduling, and payroll and invoicing. In addition, with BlueSky's integration of Clinical Assessments by Prophecy, formerly NurseTesting.com, the leader in online clinical competency testing (<http://www.prophecyhealth.com/clinical-competency-testing/>) and most recognized assessment tool by healthcare facilities across the country, Clinical Resources can ensure that its candidates are best qualified to meet client needs.

"When working with Clinical Resources, it was apparent after becoming Joint Commission certified they were looking for a solution that would help them streamline their processes, provide credential management for their employees to assure the placement of quality healthcare professionals," said Julie Moore Director of Sales for BlueSky MSS. "We are looking forward to a long partnership and to be part of Clinical Resources success."

About Clinical Resources LLC:

Clinical Resources, headquartered in Atlanta, a healthcare staffing, recruitment and professional services firm, is owned and operated by healthcare professionals with more than 100 years of combined Health Care experience, places experienced professionals in temporary and permanent positions in skilled nursing facilities, assisted living facilities, hospitals, healthcare systems and affiliate organizations, nationwide. Call 888-800-3377 or visit www.ClinicalResources.com for more information.

About BlueSky & Prophecy Healthcare:

Originally founded in 2004 as NurseTesting.com, Prophecy Healthcare got its start as the first online Pre-Employment Testing Company exclusive to the Healthcare Industry. Initially focusing solely on clinical assessments measuring clinical competencies, efforts to exceed industry expectations led to isolating critical competencies missed in traditional testing initiatives, such as stress tolerance, critical thinking, and

teamwork skills. The Prophecy approach offers the ability to find candidates with the clinical hard skills, personality attributes, and desired soft skills to match each organization. Products include Behavioral, Clinical, and Situational Assessments by Prophecy and BlueSky Medical Staffing Software. For more information about Prophecy, visit www.prophecyhealth.com or call 336.802.1070.
